CRediT Taxonomy

CRediT taxonomy provides detailed classification on the different roles performed in the work resulting in a published research work, offers transparency in contributions to published works, and allows for the improvement of attribution, credit, and responsibility systems. For further information visit: https://revistas.pucp.edu.pe/index.php/contabilidadyNegocios/credit

The journal will indicate the contributor roles below in a random order:

Author contribution: (Enter name(s) of author(s) and mark with an X the corresponding role or mark with an X in the "NOT APPLICABLE" box if not applicable)

Roles	Name Author 1	Name Author 2	Name Author 3	NOT APPLICABLE
1. Conceptualization				
2. Methodology				
3. Software				
4. Validation				
5. Formal analysis				
6. Investigation				
7. Resources				
8. Data curation				
9. Writing – original draft				
10. Writing, review, and editing				
11. Visualization				
12. Supervision				
13. Project administration				
14. Funding acquisition				

Conflict of interest statement

Authors declare that, throughout the research process, there has not been any sort of personal, professional, or economic interest that may have influenced the researchers' judgement and/or actions during the elaboration and publication of this article.
